#### Turkey Round-up: A Huge Success!

Kinard Community, thank you so much for your generosity and giving spirit during our Turkey Round-up in November! Together, we donated over 70 frozen turkeys, chickens, and hams to the Larimer County Food Bank.

Thank you to everyone who participated. Great job, Kinard! And we want to send a special thank you to our turkey wrangling team: Mrs. Darrow, Mrs. Hergenreder, and all the NJHS students who helped collect the turkeys. You're the best, Mustangs!

### **Student Leadership: Kinard C.A.R.E.S. Service-Learning Trip**

In November, the Kinard C.A.R.E.S. leadership class traveled to Catalina Island to participate in an environmental leadership program off the coast of California. Students in this class are focused on a vision of raising environmental awareness while making a difference in their local community. The aim of the class trip to Catalina Island is to provide students with authentic and engaging learning experiences that reflect the civic responsibilities that the students will face as citizens in the real world.

While on the island, students engaged in an experiential-based outdoor learning curriculum that taught them important principles about the environment. Using one of the most diverse ecosystems on the planet as their classroom, students explored a local watershed and cove and learned about healthy ecosystems while developing interpersonal leadership skills.

While the trip was filled with recreation and adventure, it was far from a vacation. Students participated in a variety of service-learning projects to enhance the Catalina Island community. Students built trails and planted

### **8<sup>th</sup> Grade Transition to High School**

Positive transitions are a large part of a successful middle school experience. Thus, Poudre School District intentionally creates opportunities to assist students as they move from one level to the next. Please review the information below regarding the transition events for our high schools in PSD.

- All students have an assigned home high school based on their home address.
- If you are planning to have your child attend a high school other than their designated feeder school, the PSD School Choice application must be completed by **Friday, December 15, 2023 at noon**. Please visit the [PSD School Options and Choice](#) website for more details.
- The comprehensive high schools in PSD are offering evening informational nights for incoming freshman and prospective students. See below for a list of dates or visit each school's website for more details. We will also update 8<sup>th</sup> grade families as we learn of other registration events from the various PSD high schools.
- In late January, high school counselors will visit Kinard to help students with the registration process for 9<sup>th</sup> grade courses.

You can also visit the [PSD website](#) to view the PSD High School Planning Guide. The High School Planning Guide presents the options and choices available in PSD schools to help students and families plan their own unique high school experience. The guide covers:

- Graduation requirements
- Credit and course planning
- Exploring career pathways
- Earning college credit in high school
- Career readiness and work experiences

If you have any questions about high school transitions, please contact Patti Young, Counselor (student last names A-G), at [pyoung@psdschools.org](mailto:pyoung@psdschools.org) or (970)488-5406 or Karen Irvine, Counselor (student last names H-Z), at [kirvine@psdschools.org](mailto:kirvine@psdschools.org) or (970)488-5408.

### **SRO Corner**

Season’s Greetings! Let’s delve into the important topic of cell phone safety, especially relevant if your student is either about to get a cell phone or already has one. Parents often wonder about monitoring their child’s phone, and here are some key points to discuss with your child:

1. **Digital Permanence:** Emphasize that everything they write or post online remains accessible forever, including on social media platforms.
2. **Cyberbullying:** In case of cyberbullying or encountering inappropriate content, advise your child to confide in a trusted adult. Have continuing conversations!
3. **Caution with Unknown Contacts:** Instruct them not to add unfamiliar individuals on social media and to be cautious about answering calls or texts from unknown numbers.

## Kinard Middle School

### **SRO Corner**

*continued*

4. **Parental Involvement:** Communicate! Establish a regular schedule, perhaps weekly, to go through the phone together. This provides an opportunity to discuss any concerns and check for signs of cyberbullying, grooming behavior, inappropriate content, or unfamiliar apps.

For additional safety measures:

- **Social Media Settings:** Explore and implement the parental supervision available on various social media platforms.
- **Parent Control Apps:** Consider using parental control apps that allow you to block content and monitor your child's activities directly from your own device.

While we cannot shield our children entirely from technology and social media, **we can empower them with the tools to navigate these platforms safely and responsibly.** If you have further questions, feel free to reach out. We are here to support you and your students!

Also, if you are interested in enhancing your knowledge about Cyber Safety and Social Media Platforms as Parents, mark your calendar for February 6<sup>th</sup>. Stay tuned for more details and information to follow.

Warm Regards,  
SRO Kate Garcia

### **Kinard Give Next: Kickoff Day and Class Fundraiser to Support Local Nonprofits!**

On October 10, students in the Give Next class went to CSU for “Kickoff Day.” These Kinard students did an excellent job representing our school at nonprofit workshops and interacting with local community leaders to learn more about philanthropy and their opportunity to improve the lives of those in need in our community. With over 20 other schools in the Give Next program attending Kick Off, this was an inspirational day to set the stage for the rest of the Give Next experience.

After attending Kickoff Day, the class surveyed the Kinard school community for gaining feedback on the top concerns in our area. In honoring the community’s voice and through a consensus decision, the students wrote a mission statement to guide their work for the 2023-2024 school year:

*We, the Give Next class at Kinard Core Knowledge Middle School, are concerned for children and families living in poverty that need support for mental health challenges.*

#### **WE NEED YOUR HELP!**

Can you join us in helping to make a bigger impact? **The class has set a fundraising goal of \$1,500, and 100% of the funds raised will be awarded to local nonprofits who provide mental health support to children and families living in poverty in Larimer County.**

Please [CLICK HERE](#) to donate to our class fundraiser at the Give Next page of the Community Foundation of Northern Colorado. This is a secure site where you can enter any donation amount. Follow the directions on the website and please be sure to designate KINARD as your school. Thank you for your consideration and support of this Kinard Give Next fundraiser!

### **Kinard Give Next: Kickoff Day and Class Fundraiser to Support Local Nonprofits!** *continued*

#### **What is Give Next?**

Give Next is a school-based youth grantmaking program for middle and high school students in Larimer County. Each class receives funding from private donors in the Give Next program for grant-making to award to local nonprofits. The students are also encouraged to participate in

fundraising to make a larger positive impact in their community. The year-long program begins with Give Next Kickoff Day, a day of information and inspiration. Back at their schools, students work together to identify community needs, choose a focus area, create a mission statement, research nonprofits, volunteer, conduct site visits, review grant applications, and make funding decisions. At the end of the school year, students award grants to selected nonprofits. Give Next is made possible through the support of many community partners. Primary program implementation partners are Bohemian Foundation and the Community Foundation of Northern Colorado.
